

Forbes Names Douglas Wigdor a Best-In-State Attorney

June 26, 2025 • News & Press

Forbes has released their inaugural list of America's Best-In-State Lawyers and has named Founding Partner Douglas Wigdor a top lawyer in the state of New York in the Employment Law – Plaintiff practice area. Forbes determined this list through extensive research across all specialties in an effort to ease the burden of finding the most suitable attorney.

We are thrilled to see Douglas included on this list. With more than a quarter of America's 1.3 million lawyers practicing in New York and California, it is an honor to be ranked among the best in a highly competitive field.
