

Wigdor LLP Has Been Selected As A Winner In The Litigator Awards

September 15, 2016 • Legal Updates & Insights

Wigdor LLP has been selected as a winner in the Litigator Awards 2015, one of the highest awards in trial law.

Justly standing as the nation's most coveted symbol of "Litigation Achievement," this unrivaled annual honor recognizes trial lawyers and firms who have attained extraordinary litigation achievement. Based strictly on "Verdict and/or Settlement" dollar achievement rather than peer popularity, the Litigator Awards are perhaps the most rigorous and openly judged trial law rating. Those awarded are generally considered among the finest trial lawyers in the nation. Of the nearly 1.1 million lawyers considered, only a select few (about twelve law firms) per state, will achieve this distinction each year in any given practice category. Those awarded this prestigious honor join an exclusive fraternity of super-star lawyers who have won million, multi-million and/or billion dollar cases – a feat achieved by fewer than 1% of all lawyers. Wigdor LLP has been recognized for extraordinary achievement in the six categories of employee discrimination, wrongful termination, civil rights, burn injury, whistle-blower / qui tam and wage and hour.

"We have worked extremely hard on behalf of our clients in earning this coveted award. We are honored to have been selected as the only Firm in New York to win the employment discrimination award" said founding partner Douglas Wigdor upon receipt of the award.
